PLACER COUNTY CLERK-RECORDER-ELECTIONS OFFICE

The mission of the Placer County Clerk-Recorder-Elections Office is to provide courteous, timely and professional recording and elections services to the citizens, businesses and public agencies of the county with the utmost integrity, transparency, consistency, fairness, legal compliance and cost effectiveness, using both the trained and committed staff of the department and technology to advance operations.

The Clerk’s and Recorder’s sections of the department serve the citizens of the county by performing duties related to the recording and indexing of real property and vital records. This service includes the issuance of certified copies of official documents, maintenance of specified registrations and securing permanent filmed and imaged records of all recorded and filed documents. These divisions also assist the public with performing civil marriages, processing passport applications and other administrative functions.

The Elections section of the department is responsible for conducting federal, state and local elections, assisting candidates with mandated candidate filing and financial disclosure paperwork and registering voters. As one of the fastest-growing counties in California, Placer County has doubled in registration since 1995 and as of April 2017 stands at 221,397 voters. Over 65% of our registered voters are permanent vote-by-mail voters and we provide just under 90 schools, special districts and cities with elections services. The department is large enough to enjoy some of the latest technological advancements in the elections field, but is also small enough to remember that customer service is our most important commodity.

These programs offer services in Auburn, with limited satellite services in North Lake Tahoe. In total, the Clerk-Recorder-Elections Office has 65 allocated permanent positions and a fiscal year 2016/17 annual budget of approximately \$10 million.

THE POSITION

The Elections Manager serves the citizens of Placer County through active supervision of the county’s elections needs. This person interacts with elected officials, school and special district personnel, county department heads and managers, the media and the public.

The Elections Manager is highly involved in many outreach efforts, such as the department's informative candidate workshops and award-winning high school outreach program. The Elections Manager provides the necessary day-to-day management and administration of the division in an efficient and transparent manner, focused on customer service and in compliance with all county, state and federal laws, regulations and codes.

A RICH HISTORY AND FUTURE GROWTH

Placer County's 150-year history began with the discovery of gold in 1848 in Coloma in neighboring El Dorado County. In fact, the County took its name from the Spanish word for sand or gravel deposits that contain gold. The Transcontinental Railroad has also been a major part of Placer County's rich history. Many towns had their beginnings in mining and along the railroads, and evolved over the years into ranching, farming, and timber communities. Some of these areas are nationally-renowned recreational destinations such as Lake Tahoe and Squaw Valley.

Placer County's strong growth and level of economic development activity in more recent times can be attributed to the relocation of high tech firms to the region in the beginning of the 1980's, the low cost of housing relative to Bay Area prices, and the diversity of recreational opportunities in the Tahoe/Sierra area. Looking ahead, the county is projected to grow by 350,000 persons over the next four to five decades with new and expanding businesses, a diversity of residential housing types, new commercial land uses and new passive and active recreational facilities. The County's award-winning Placer Legacy Open Space and Agricultural Conservation Program and the new Placer County Conservation Plan will provide for the conservation of scenic landscapes, agricultural areas, and the rich diversity of natural communities that are found in Placer County.
