

San Joaquin County Public Works is recruiting for an

Engineer V Solid Waste Division

Human Resources
44 N. San Joaquin Street
Third Floor, Suite 330
Stockton CA 95202
Phone: 209-468-3370

Recruitment Announcement
0719-RE1005-01

The San Joaquin County Public Works Department is seeking a strong manager to fill the Engineer V position in its Solid Waste Division.

THE POSITION

Reporting to the Integrated Waste Manager, the Engineer V heads the Solid Waste Division's engineering section. This section is comprised of three staff members plus the Engineer V.

The position will plan and organize all engineering-related activities of the Solid Waste Division, including:

- Long-term planning for the development of County-owned Solid Waste facilities, including disposal, recycling and organics processing
- Procuring consultants and managing construction contracts to develop additional landfill areas as needed in implementation of long-term facility development
- Providing technical support to County's Resident Engineer during construction of Solid Waste Division facilities
- Administering on-call contracts as may be needed to supplement section staff
- Regulatory compliance at County-owned solid waste facilities, and interaction with regulatory agencies to address issues
- Developing the North County Sanitary Landfill fill plan, and supporting Operations staff in using GPS to guide refuse placement
- Preparing budgets related to the above
- Monitoring new legislation for new requirements as may apply to the County

An ideal candidate will have:

- Experience in successful interaction with relevant regulatory agencies and agencies' staff, in particular with Regional Water Quality Control Boards, and especially with the Central Valley Regional Water Quality Control Board
- Experience with the design and construction of sanitary landfills in compliance with California and related Federal regulations
- Understanding of technical issues related to solid waste facilities, including liner design, leachate collection, groundwater protection and landfill gas control
- Excellent written and verbal communication skills
- Ability to work well with subordinate staff, peer professionals, and senior Department administrators
- Demonstrated leadership skills, sound judgment and a positive attitude to effectively manage and build consensus among staff, and to motivate staff and support their professional development

THE DIVISION

The Solid Waste Division is responsible for solid waste and diversion activities in San Joaquin County, including the administration of refuse collection contracts that serve citizens in unincorporated County areas, recycling programs and public outreach related to regional solid waste related environmental issues.

The Solid Waste Division administers the following facilities:

- North County Recycling Center and Sanitary Landfill (operated by County staff)
- Foothill Sanitary Landfill (operated under contract with a private firm)
- The Lovelace Materials Recovery Facility and Transfer Station (operated by County staff)
- San Joaquin County Household Hazardous Waste Facility (operated under contract with a private firm)
- Two closed landfills

This division is funded primarily by an enterprise fund with revenues derived from fees paid by users of Solid Waste facilities.

San Joaquin County is an Equal Opportunity Employer

A land of beauty, recreation and natural riches—from the waters of the Delta to the vines of the wine, San Joaquin County has it all.

San Joaquin County boasts seven cities and some of the finest opportunities in the state for boating, fishing, camping, history-gathering, or just plain fun in the sun.

Each city, as well as the unincorporated county areas, offers a unique opportunity to enjoy natural California beauty and nature, or music, arts and culture. Whatever your interest, it can most likely be found in San Joaquin County.

ARTS, CULTURE, AND RECREATION

The arts and culture provide a much-needed respite from everyday worries and the Haggin Museum, San Joaquin County Historical Museum, and Stockton Children's Museum are popular spots.

The Stockton Symphony, San Joaquin County Ballet, and Stockton Civic Theater provide important experiences for children and adults. The multi-cultural community offers a diversity of views and opinions in its art and culture, providing a wealth of knowledge about past and present on canvas and stage.

Over 75 languages are spoken within the region and there is richness in the blending of cultures and ways that creates an air of celebration about individual customs, foods and cultures.

San Joaquin County government provides nine community parks for boating, camping, and picnicking, swimming and organized sports.

Annual family events include the Asparagus Festival, attended by thousands of fun-seekers from the County and beyond, held in downtown Stockton.

Individual cities and communities provide a host of other opportunities, from Lodi Lake Park and Nature Area to the Woodbridge Ecological Reserve. The County-owned and operated Micke Grove Park offers a zoo, rides and an historical museum to delight both children and adults. The San Joaquin Delta is one of the area's best kept secrets and offers some of the best boating in the state: more than 1,000 miles of waterways stretching from the Stockton Harbor to north of Sacramento and offering access to the San Francisco Bay.

AGRICULTURE

The county is one of the most agriculturally rich regions in California and is the number one producer, statewide, of asparagus. Twenty-four thousand acres of county farmland is dedicated to production of this crop. In recent years, the leading crop in the county has been wine grapes, and wineries and vineyards have sprung up from Stockton to Lodi.

EDUCATION

From preschool to higher education, the County has it covered with an abundant array of public or private opportunities to learn and grow. The University of the Pacific, California State University, Stanislaus - Stockton Center, Humphreys College and Law School, National University and the San Joaquin Delta Community College offer a wide variety of choices for educational opportunities. The county's 17 school districts provide families with a wide choice for children's educational development.

Housing is plentiful in San Joaquin County and is affordable when compared to other nearby areas.

Make San Joaquin County your new home. Housing ranges from new developments to historic homes found mostly in central Stockton and downtown Lodi.

San Joaquin County is a place where families can grow, learn, and experience the nature and beauty of the California landscape while benefiting from the unique opportunities - cultural, recreational, and educational - that the area provides.

Engineer V
